

Mencap Carers Network

Are you a family carer of an adult with a learning disability?

Are there times when you need information and advice on learning disability issues but don't know where to go?

Would you like to meet other family carers and share your experiences?

Would you like to know that your views are being listened to by the Learning Disability Partnership Board*? *(The Board is involved in looking at how learning disability services are run throughout the County).

Mencap Carers Network is a service which can help you.

We work with family Carers throughout Cumbria to help ensure that you are aware of your rights and have access to accurate, up to date information.

If you have an enquiry or would like to find out more about our service, please contact us.
